Professional Summary

Senior Software Engineer with over 7 years of professional experience specialising in **QA automation, web scraping, data extraction pipelines**, and full-stack software development. Proficient in TypeScript, JavaScript, Python, and Java, with deep hands-on expertise in Playwright, Puppeteer, Cypress, Selenium, and WebDriverIO. Demonstrated track record of building large-scale, CI/CD-integrated automation frameworks (9 000+ test cases, 60 % reduction in manual QA effort) and data-ingestion pipelines for healthcare and enterprise clients. Currently pursuing an M.Sc. in Computer & Systems Engineering at TU Ilmenau and **available for full-time employment** in Germany on a valid German residence permit.

Technical Skills

Languages	TypeScript, JavaScript, Python, Java, SQL, HTML5, CSS3
Testing & QA	Playwright, Cypress, Selenium, WebDriverIO, Puppeteer, Protractor, Mocha, Chai, Postman, Allure Reports, TestProject.io
Data & Scraping	Web Scraping, PDF Parsing, Pandas, Import.io, Data Pipelines, REST APIs, GraphQL, Automated Data Processing
Frameworks	Node.js, Spring Boot, React.js
Cloud & DevOps	AWS (EC2, Lambda, S3), Docker, Kubernetes, GitHub Actions, GitLab CI, Bamboo, CI/CD Pipelines
Databases	PostgreSQL, MySQL
Project Mgmt.	Jira, Trello, Monday.com, Zendesk, Agile / Scrum

Professional Experience

Arbisoft Jul 2018 – Jul 2025
Senior Software Engineer (Team Lead) 📍 Lahore, Pakistan / Remote

- **Zuub Healthcare Platform** (Jan 2024–Jul 2025): Designed and maintained large-scale web scraping systems using **TypeScript, Puppeteer, and Playwright** for healthcare data extraction; built automated PDF-parsing pipelines in **Python** that significantly improved processing accuracy and throughput.
- **Kayak QA Automation** (Jun 2022–Feb 2024): Built and maintained enterprise end-to-end test automation frameworks (**Playwright, Selenium, WebDriverIO, Protractor, Cypress**) for web and mobile platforms; managed **9 000+ regression, smoke, and production test cases**, reducing manual QA effort by **60 %**.
- **Import.io Data Intelligence** (Jul 2018–Jul 2022): Led data extraction, validation, and API-integration workflows using **Python, Node.js, and REST APIs**; delivered **15+ client-facing** scraping and data-validation solutions.
- Mentored junior engineers, led cross-functional Agile teams, and drove CI/CD integration across GitLab, Bamboo, and GitHub Actions.

HashiCorp Feb 2018 – May 2018
Software Engineer Intern 📍 Lahore, Pakistan

- Contributed to frontend development using **HTML, CSS, and Laravel** for internal web applications and UI components.

TCAW Global Sep 2017 – Dec 2017
Web Developer Intern 📍 Lahore, Pakistan

- Developed responsive websites using **HTML, CSS, JavaScript, Bootstrap, and WordPress**.

Key Projects

Zuub Healthcare Data Extraction Platform

TypeScript · Puppeteer · Playwright · Python

- Engineered scalable web-scraping pipelines for healthcare data ingestion and transformation.
- Automated PDF-parsing workflows for structured medical and insurance datasets.
- Integrated REST APIs and optimised downstream data-delivery pipelines.

Kayak QA Automation Framework

Playwright · TypeScript · WebDriverIO · Selenium

- Enterprise-scale web and mobile automation framework for booking and travel workflows.
- 9 000+ automated test cases across regression, sanity, smoke, and production pipelines.
- 60 % reduction in manual testing effort through CI/CD-integrated automation suites.

Import.io Data Intelligence Platform

Node.js · Python · REST APIs · Google Sheets

- Delivered 15+ client-facing scraping and data-validation solutions.
- Built automated workflows for large-scale data extraction, cleansing, and reporting.
- Integrated monitoring dashboards, Google Sheets, and REST API endpoints.

Education

M.Sc. Computer & Systems Engineering — Technische Universität Ilmenau
Ilmenau, Germany

Apr 2025 – present

B.Sc. Computer Science (BSCS) — Lahore Garrison University
Lahore, Pakistan

Sep 2014 – Sep 2018

Languages

English	Professional working proficiency (C1)	German	Beginner / currently learning (A2)
Urdu	Native	Punjabi	Native

Note: Actively improving German language skills; comfortable in English-speaking international teams.

Selected Certifications

Google AI Essentials Specialisation	Mar 2026
SAP Technology Consultant	Mar 2026
Black-box & White-box Testing — University of Minnesota	Mar 2026
Introduction to Software Testing — University of Minnesota	Jan 2026
Build & Automate CI/CD Workflows with GitHub Actions — Microsoft	Dec 2023
Crash Course on Python — Google	Apr 2023

Additional Information

Work Authorisation	Valid German Residence Permit eligible to work full-time in Germany
Availability	Immediately available / to be discussed
Work Preference	Full-time · On-site, Hybrid, or Remote
GitHub Portfolio	github.com/HamzaZahid172 — scraping, automation, and pipeline projects
